New York, N. Y. 10021

Dear Dr. Lederberg:

As you know, The New York Academy of Medicine has been developing a proposal to study its library in relation to the needs of Region II of the Regional Medical Library System. I enclose a copy of our proposal for your information.

The Academy would welcome any comments you might wish to make about this proposal; we hope you agree that the carrying out of such a study is desirable and timely. ✓

The Academy is anxious to cooperate with The Rockefeller University in coordinating its study with the University's study of the proposed consortium facility and we would welcome any suggestions you may have on implementing that cooperation and coordination.

Sincerely,

A handwritten signature in cursive script that reads "James E. McCormack".

James E. McCormack, M.D.  
Director
